Dear Deputy Ó Broin,

I refer to representation received on 25/06/2017 in relation to Social Housing Development at St Cuthbert's Park.

We anticipate that the project will be out to tender Mid-September for the design build contractor for the rapid delivery housing programme. The target for commencement of construction is for quarter 1 2018. Construction commencement will be dependent on final budget approval of tender from the Department of Housing Planning Community and Local Government.

Yours Sincerely

Marie Kavanagh  
Administrative Officer
