RE: Shared Equity Loan scheme

Central Bank of Ireland - RESTRICTED

[REDACTED]

Please see the response below from the Central Bank of Ireland:

The Central Bank awaits finalisation of the precise design of the proposed scheme [and public communication around its parameters by those designing the scheme], but the framework for considering the interaction of the proposed scheme with the mortgage measures remains consistent with what was outlined in the correspondence between the Central Bank and the Oireachtas Committee on Housing in March.

Kind Regards,
